Rotarian Brendan McGinnis  
Dr. Istvan Grafjodi  
Prof. Noam Weissbrod  
Mr. Oded Distel  
Mr. Yuval Rodan  
Mr Amir Shai  
Dr. Amnon Shefi  
Dear Friends and guests from Israel and abroad  
Ladies and gentlemen,

It is my pleasure to welcome you to this water and sanitation symposium organized in the framework of my activities as Advisor to the Chair of the Executive Council of the ICCs

Water and sanitation are one of the 6 main areas of focus of Rotary International and the ICCs all over the world are joining in the effort to bring drinking water and improve sanitary conditions in the most needy areas of the world.

On behalf of my wonderful and much helpful team and myself, we wish to thank all the participants in the various sessions for their cooperation and contribution to this event and wish all our guests a pleasant and successful symposium.
